PARENTS NEEDED

You hold the keys to
their future. Answer the
spiritual calling to share
your heart and home, and
change a life **forever**.

FAITH IN CHILDREN is a unique recruitment program designed to build awareness within faith-based organizations to find foster and adoptive families for children waiting in foster care.

Based on the principles of **guidance, commitment, compassion, and family empowerment**, the program is a partnership between child welfare agencies and faith-based organizations.

OPENING DOORS...HEALING HEARTS

Children waiting for forever families need the love, connection, and sense of belonging that a family provides. As one 12-year old waiting child recently said, "If I don't have a family, who am I?"

Families are needed for school age children, children from all ethnic and racial backgrounds, sibling groups, and children with special needs.

CONSIDER FOSTER CARE OR ADOPTION

Foster and adoptive parents are as unique as the children. They come from all walks of life, and from all ethnic and racial backgrounds. They may be married or single. They may or may not have birth children in their homes. Many are working parents. Some are homeowners. Some are renters. What they have in common is **a desire to make a lifetime of difference**.

- ♥ Help heal the hearts of waiting children
- ♥ Develop meaningful relationships and influence personal growth
- ♥ Enrich family and community ties

Financial assistance may be available.

Since 1972, Children Awaiting Parents has been dedicated to uniting children with permanent, loving families. We are here to help families succeed.
